Performed by Aimee Mann)

Verse 1:

You look like a perfect fit

For a girl in need of a tourniquet

Chorus 1:

But can you save me

Come on and save me

If you could save me

From the ranks of the freaks

Who suspect they could never love anyone

Verse 2:

'Cause I can tell

You know what it's like

The long farewell of the hunger strike

Chorus 2:

But can you save me

Come on and save me

If you could save me

From the ranks of the freaks

Who suspect they could never love anyone

Bridge:

You struck me dumb like radium

Like Peter Pan or Superman

Chorus 3:

You will come to save me

C'mon and save me

If you could save me

From the ranks of the freaks

Who suspect they could never love anyone

'Cept the freaks

Who suspect they could never love anyone

But the freaks

Who suspect they could never love anyone

Chorus 4:

C'mon and save me

Why don't you save me

If you could save me

From the ranks of the freaks

Who suspect they could never love anyone

Except the freaks

Who suspect they could never love anyone

Except the freaks who could never love anyone
