[Oozeela Æ± Chorus Æ± 1X] Is this love, I got to know
now Won't let go, I'll make you so proud Is this love, I
got to know now Won't let go, I'll make you so proud
[Dirt Gritie] Seen from a distance, passionate glimpses
If I'm not persistent, you'll fall off my wish list I wouldn't
wish this not for a instant Your not promiscuous an
ebony princess Biting my tongue in spite of my interest
It's so hard for a brother to fight off his instincts Birds
eye view, sharing a smile Beautiful black proud
[Oozeela] Dat gyal does give me attitude Dat gyal does
put me in a di mood Dat gyal wan prepare di rasta food
Oozeela wan make sure that she's sexually satisfied
Dat gyal wan be di Rasta Queen Dominican swagger
and the African bounce you need The way me make the
treble and the saxophone bounce di kick Rotation pon
your body [Oozeela Æ± Chorus Æ± 1X] Is this love, I got
to know now Won't let go, I'll make you so proud Is this
love, I got to know now Won't let go, I'll make you so
proud [Dirt Gritie] I see the way that you move and the
look in your eyes And you're not too impress with those
other guys Thinking the shoe might fit if you give it a
try And it's no surprise they're just not your size I got
tunnel vision and it's you I spy Only a fool would let you
keep passing by Play it cool when I approach and say hi
First impression got you wondering why Like why we
ain't ever meet before And do you really think that this
thing could grow But I knew what I wanted when you
came through the door Still I'll play it fair and take it
slow Though, you caught my heart for the evening Kiss
my cheekbones and you confuse things Should I just sit
back or come harder I need to find my way [Oozeela
Æ± Chorus Æ± 1X] Is this love, I got to know now Won't
let go, I'll make you so proud Is this love, I got to know
now Won't let go, I'll make you so proud [Dirt Gritie] Is
there a place in your heart for a thug like I 182 elite
from the dirty side Though we're from different worlds
you could give it a try Euphoria every time you past by I
know your mommy say, your daddy say I'm only
playing games but any way I wonder if it's the way I
flow Or the west end brothers that I know Your friends
talking ish only stringing your bow Throwing up signs

telling you no But they heathens so don't you believe
them Let that keep us apart what a silly reason Come
on a date lets share an evening You could even make
me wait to share that sweet thing, Baby love You could
even make me wait to share that sweet thing [Oozeela
Ã± Chorus Ã± 2X] Is this love, I got to know now Won't
let go, I'll make you so proud Is this love, I got to know
now Won't let go, I'll make you so proud
