The time can be cruel
Reality can be so bad to
Wherever I had that dream
I felt the fear coming into me
Now I just wish you don't go away
because you're my life, my all
Now I just wish you don't go away
because I'll be afraid without you
So careless, so fool
the sun goes and comes but
nothing gets well again
Beauty lies to don't hurt
Lies and more lies to get happy
I can't go anymore on this way
I've felt how many I should change
my way to be, because life doesn't wait
It goes, and continues go and doesn't wait
the later
So I decided that I will be myself
but a new myself, time is so careless
and I know I need you, all my friends
I made many cruel things in my whole life
but today I'm ok to be forgiven and to say sorry
Now I just ...
When I wake up
I'll do everything that I should ever have done
because I want a clear mind, a free heart
So, I just wish ...
Promise me (promise)
that you won't go away
that you never go away
so..
please..
Don't go away.
