Como esta amigo

For the death of those we don't know

Shall we kneel and say a prayer

They will never know we care

Shall we keep the fires burning

Shall we keep the flames alight

Shall we try to remember

What is wrong and what is right

No more tears, no more tears

If we live for a hundred years

Amigos no more tears

If we do forget them and

The sacrifice they made

Will the wickedness and

Sadness come to visit us again

Shall we dance the dance in sunlight

Shall we drink the wine of peace

Shall our tears be of joy

Shall we keep at bay the beast

Inside the scream is silent

Inside it must remain

No victory, no vanquished

Only horror, only pain

No more tears, no more tears

If we live for a hundred years

Amigos no more tears

No more tears, no more tears

If we live for a hundred years

Amigos no more tears
