Harris)

Infinite dreams I can't deny them

Infinity is hard to comprehend

I couldn't hear those screams

Even in my wildest dreams

Suffocation waking in a sweat

Scared to fall asleep again

Incase the dream begins again

Someone chasing I cannot move

Standing rigid nightmare's statue

What a dream when will it end

And will I transcend?

Restless sleep the minds in turmoil

One nightmare ends another fertile

Getting to me so scared to sleep

But scared to wake now, in too deep

Even though its reached new heights

I rather like the restless nights

It makes me wonder it makes me think

There's more to this I'm on the brink

It's not the fear of what's beyond

It's just that I might not respond
I have an interest almost craving
But would I like to get too far in?
It can't be all coincidence
Too many things are evident
You tell me you're an unbeliever
Spiritualist? Well me I'm neither
But wouldn't you like to know
The truth
Of what's out there to have the proof
And find out just which side
You're on
Where would you end in Heaven or
In Hell?
Help me. Help me to find my true
Self without seeing the future
Save me, save me from torturing
Myself even within my dreams
There's got to be just more to it
Than this
Or tell me why do we exist
I'd like to think that when I die
I'd get a chance another time
And to return and live again
Reincarnate, play the game

Again and again and again
