Lord Of The Flies (Harris, Gers) (Commentary)

I don't care for this world anymore, I just want to live
my own fantasy

Fate has brought us to these shores, what was meant
to be is now happening

I've found that I like this living in danger

Living on the edge it feels, it makes feel as one

Who cares now what's right or wrong, it's reality

Killing so we survive wherever we may roam

Wherever we may hide, we've got to get away

I don't want existence to end, we must prepare
ourselves for the elements

I just want to feel like we're strong, we don't need a
code of morality

I like all the mixed emotion and anger

It brings out the animal, the power you can feel

And feeling so high with this much adrenaline

Excited but scary to believe what we've become

Saints and sinners, something within us

We are lord of the flies

Saints and sinners, something willing us

To be lord of the flies

(3:17-Solo: Janick Gers)

Saints and sinners, something within us

We are lord of the flies

Saints and sinners, something willing us

To be lord of the flies

Saints and sinners, something within us

We are lord of the flies

Saints and sinners, something willing us

To be lord of the flies
