Hand of fate is moving and the finger points to you  
He knocks you to your feet and so what are you gonna  
do

Your tongue has frozen now you've got something to  
say

The piper at the gates of dawn is calling you his way

You watch the world exploding every single night  
Dancing in the sun a new born in the light  
Say goodbye to gravity and say goodbye to death  
Hello to eternity and live for every breath

Your time will come  
Your time will come  
Your time will come  
Your time will come

The ferryman wants his money you ain't gonna give it  
back  
He can push his own boat as you set off up the track  
Nothing you can contemplate will ever be the same  
Every second is a new spark, sets the universe aflame

You watch the world exploding every single night  
Dancing in the sun a new born in the light  
Brothers and their fathers joining hands to make a  
chain  
The shadow of the Wicker man is rising up again

Your time will come  
Your time will come
