The hot seat's vacant cos he gave up the reins  
He's kissed his title goodbye run far away  
He's gone to ground in some hole - I don't know where  
All I know is somehow that I'm big man up here

I don't need your worship  
Just need a sacrifice each day  
No need to worry  
Just want to help in every way

I just don't know what all these levers are for  
Well I don't know it but I'm reasonably sure  
I've got a red light warning - I don't know why  
Maybe it will go away if I close my eyes

I don't need your worship  
Just need a sacrifice each day  
No need to worry  
Just want to help in every way  
Help every day  
In every way

I don't know what's come over me  
I'm really feeling rather strange

I got no time for wisdom cos I'm the fool  
I got no time for those who won't obey my rules  
Some day I won't be teacher - I don't know when  
Ha but I'm gonna please myself until then

I don't need your worship  
Just need a sacrifice each day  
No need to worry  
Just want to help in every way  
Help every day  
In every way

Don't need your worship  
Just need a sacrifice each day  
No need to worry  
Just want to help in every way  
Help every day

In every way
