(and diamonds aren't so hard to find)

Don't let it bring you down  
Your woman's gone and left you  
The taxman's here he's knocking on your door - oh

Don't let it bring you down  
Your brand new house is burning  
They're dumping toxic waste in your backyard - oh  
Your next door neighbour's gone and won the pools  
The life's so bad you wish that it was all over - over

You and i  
Could leave this all behind  
Dream a little  
Leave ourselves behind

Come with me  
Where dragons rule the air  
And diamonds aren't so hard to find  
And come what may  
Heroes never fail  
And time stands still  
No matter if you're young or old

Don't let it bring you down  
Nothing lasts for ever  
Even female movie stars grow old - oh

We try to break the rules and never age  
We try so hard but everything's in vain  
Then one day you wake and find that it's all over - over

You and i  
Could leave this all behind  
Dream a little  
Leave ourselves behind

Come with me  
Where dragons rule the air  
And diamonds aren't so hard to find  
And come what may

Heroes never fail  
And time stands still  
No matter if you're young or old

So come with me  
Where dragons rule the air  
And diamonds aren't so hard to find...
