I am in the eyes of the world  
Just a man, only one man  
I am in the eyes of the world  
Just a dot, not a lot

But when I walk with you  
My soul starts every star  
Cause I, I am the world  
And Heaven above  
In the eyes of my love

Yes, I may be small  
In the eyes of the world  
But I am so tall  
In the eyes of my love

But when I walk with you  
My soul starts every star  
Cause I, I am the world  
And Heaven above  
In the eyes of my love

Yes, I may be small  
In the eyes of the world  
But I am so tall  
In the eyes of my love
