You will always be
The one that I adore
Mean so much to me
But dreams you were before
It's you Emily, that makes me write this song

Your... Eyes are open wide
But still so much to see
All that's new to you
Seems so old to me
Now I'm far away, a minute seems so long

Its just another day without you
Its just another day that I'm not there
I'm gonna find a way to be so close to you
You've gotta know how much I care
Its just another day without you
Its just another day that I'm not there
I'm gonna give my love, my heart, my soul to you
All this I give to you, I swear

I'm... Longing to hold you
(Feel you in my arms)
Never let you go
Far from me for long
Girl I promise you
My feelings are so strong....

Eyes are open wide
But still so much to see
All that's new to you
Seems so old to me
When I'm far away, a minute seems so long

Its just another day without you
Its just another day that I'm not there
I'm gonna find a way to be so close to you
You've gotta know how much I care
Its just another day without you
Its just another day that I'm not there
I'm gonna give my love, my heart, my soul to you

All this I give to you, I swear

If only you could
Read what's on my mind
(See right through my eyes)
You'd sooner realize

Its just another day without you
Its just another day that I'm not there
I'm gonna give my love, my heart, my soul to you
All this I give to you, I swear
Its just another day without you
Its just another day that I'm not there
I'm gonna find a way to be so close to you
You've gotta know how much I care
