God knows I've been hurt before - You know what I've
been through -
Time helps but it doesn't cure - the scars will never heal
- Said your
love was never ending - But it slowly disappeared - I
know you want
my heart - But a friend is all I need - love on the outside
is all I can
give - But this love on the inside needs some place to
live - If I gave
you my heart, would you give it a home - Cos this love
on the outside is
love all alone - I know that you love me - You said a
million times -
You know that it's hard for me - Been told a million lies -
Said your
love was never ending - But it slowly dissapeared - I
know you want
my heart - But a friend is all I need - love on the outside
is all I can
give - But this love on the inside needs some place to
live - If I gave
you my heart, would you give it a home - Cos this love
on the outside -
I've taken my time - I've made up my mind - It's you I'm
needin' - You I
believe in - It's love forever and a day - love on the
outside is all I can
give - But this love on the inside needs some place to
live - If I gave
you my heart, would you give it a home - Cos this love
on the outside is
love all alone
