I can't stop staring at her mouth  
I can't wait until the words come out  
I hold my breath until she's gone  
So I don't say something wrong

She's got my head spinning,  
What am I gonna do?  
And my heart pounding  
Baby, you know it's you

She's got moves like angels  
When she walks I lose my mind  
She's a perfect vision  
Like the sun she leaves me blind  
And I'm so caught up in the rhymes  
In love with what she does  
Like a dream I'm so into  
She's got moves, she's got moves

It's in the way she looks at me  
Like I'm the only thing she sees  
She always catches me off guard  
And every time I try too hard

She's got my head spinning,  
What am I gonna do?  
And my heart pounding  
Baby, you know it's you

She's got moves like angels  
When she walks I lose my mind  
'Cause she's a perfect vision  
Like the sun she leaves me blind  
And I'm so caught up in the rhymes  
In love with what she does  
Like a dream I'm so into  
She's got moves, she's got moves

And I'll never let her go  
I'll always let her know  
She's my angel girl

She's the brightest star that shines  
And I'm so glad she's mine  
She's out of this world

(And I'm so caught up in the rhymes  
In love with what she does  
Like a dream I'm so into  
She's got moves, she's got moves)

She's got moves, she's got moves,  
She's got moves, she's got moves,  
She's got moves
