Thinkin' it's over - our love is a battlefield
when you're touchin' me - I feel you compare
we're now together - for such a long, long time
foolin' him and me - I don't think it's fair

I've been waitin' too long for the time
ti tell you our love is not a crime
I've been waitin' too long

I'm waitin' in the night

I know that you're married
now you're keepin' me hangin' on
to the game we play - when he's not there
so I get the feeling - I'll never be number one
I don't want to share

I've been waitin' too long for the time
ti tell you our love is not a crime
I've been waitin' too long

I'm waitin' in the night
