In god we trust and not in you  
tell this holy bullshit to yourself  
you preach for money, you preach for gold  
leave us alone

You call yourself the redeemer of the world  
you're preachin' fuckin' dangerous little lies  
and if mankind will trust in what you say  
your nation is done, salvation is gone

Welcome Mr. Jesus  
welcome Mr. Lie  
welcome Mr. Jesus  
don't tell me how to die  
welcome Mr. Jesus

Every day and every night  
they sell your holy shit on ty-screens  
your news sounds nice, hell what's the price  
your nation is done, salvation is gone

Welcome Mr. Jesus  
welcome Mr. Lie  
welcome Mr. Jesus  
don't tell me how to die  
welcome Mr. Jesus
