Let me tell you about a girl I know
She is my baby and I love her so
Every morning when the sun comes up
She gets me coffee in my favorite cup

That's why I know, oh I know
Hallelujah, I just love her so

When I'm in trouble and I have no friends
I know she'll be with me until the end
All my friends ask me how I know
I smile at them and say she told me so

That's why I know, oh I know
Hallelujah, I just love her so

And when I call her on the telephone
And tell her that I'm all alone
By the time I count from one to four
I hear her on my door

In the evening when the sun goes down
And there's nobody else around
She kisses me and she holds me tight
And tells me darling everything's alright

That's why I know, oh I know
Hallelujah, I just love her so

And when I call her on the telephone
And tell her that I'm all alone
By the time I count from one to four
I hear her on my door

In the evening when the sun goes down
And there's nobody else around
She kisses me and she holds me tight
And tells me Tony everything is alright

That's why I know, oh I know
Hallelujah, I just love her so

Oh yeah, it's alright, it's alright, it's alright
Keep it working, keep it working, keep it working
Working, working it
Work, work, work, work, work, work, work
Hallelujah, I love her so
