She good lookin got her mojo cookin yeah
Wouldn't give me the time of day but
If my occupation was a star in a constellation
We could get together in the Milky Way
And everybody wanna know somebody
Everyone wants to drop your name
You need no reservation
No special invitation
No college education if you've got fortune and fame

1-2-3-4

Everyone I know wants to be a star
And we are and we are and we are
Everyone I know wants to be a star
And we are and we are and we are and we are

Now I'm snappin got my mojo crackin
Got my whole thing happenin at center stage and
She's there lookin up at me
Desperately in love with me
Just can't get enough of me if I've got fortune and fame

1-2-3-4

Everyone I know wants to be a star
And we are and we are and we are and we are
Everyone I know wants to be a star
Drivin in a limousine eating caviar
Everyone I know wants to be a star
And we are and we are and we are and we are

Fame ... Fame ... Fame ... Fame

1-2-3-4

Everyone I know wants to be a star
And we are and we are and we are and we are
Everyone I know wants to be a star
Wants to be recognized walkin down the boulevard
Everyone I know wants to be a star
And we are and we are and we are and we are

And you are....
