"Counting On You"

Wide eyed kid drifting in the sun
Up the dose now i'm feeling numb
the light are on...but no ones home
Ohhh the lights are on...but no ones home

Sing me a song to cheer me up
Clear my thoughts and ease the pain away
Cuz im lost in my head
I cant wake up so i'm counting on you
Counting on you...

Give him something to talk about
Up the dose now the truth comes out
the light are on...but no ones home
Ohhh the lights are on...but no ones home

Sing me a song to cheer me up
Clear my thoughts and ease the pain away
Cuz i'm lost in my head
I cant wake up so i'm counting on you
Counting on you...
