I'm not falling for your tricks  
I should probably walk away  
You think well make it in the real world?  
How long till we start to change?

Oh i feel naked, ah i feel naked all the time without you

Now lets see if i still function in the world  
if suddenly she were to disappear  
she says the way i am's annoying when will i grow up?  
when self destruction is complete how will i hold up?

Don't know how much she can take  
Cuz i'm just floating around in space  
She tries to keep me in the real world  
But she knows i can never change

Oh i feel naked, ah i feel naked all the time without you

Now lets see if i still function in the world  
if suddenly she were to disappear  
she says the way i am's annoying when will i grow up?  
when self destruction is complete how will i hold up?
