I fight myself for self-control
but I can't seem to get it
You tried to break into my world
I'd never let you in it
I'm Down,
I'm Down,
I'm finally Down(You can Kick me now)
The weight of you still on my back
And I'm still trapped beneath you
Someday I'll throw you off of me
And you'll still think I need you

I'm Down,
I'm Down,
I'm finally Down(You can Kick me now)
Everyday you pushed me down
I'll go away
but I'll be back around
I'm Down, I'm Down, I'm finally Down(You can Kick me now)
