She happened to be in the wrong situation  
Where pain has grown so strong  
She want's isolation, from everything..  
Deserving so much more

Seized with dread and worry about the future  
Will the drugs stop this crying and anxiety?  
Please don't give up  
Deserving so much more

For one day I would gladly swap place with you  
Fall down, get up again over and over

You cannot say goodnight  
Cause the morning after you still cry  
She managed the panic and stayed alive  
Don't give up so easily... there is no goodbye

Help me up  
Still down here  
Let me take  
One last breath

She said:  
Take me to a quite and distant place  
My life here will rupture and fall apart

I'll help you up  
Deserving so much more  
Seized with dread and worry about the fututre  
Will the drugs stop this crying and anxiety?  
Please don't give up  
Deserving so much more

For one day I would gladly swap place with you  
Fall down, get up again over and over

You cannot say goodnight  
Cause the morning after you still cry  
She managed the panic and stayed alive  
Don't give up so easily... there is no goodbye
