We got to get out
She's running out of tears
They're still marked with my name
Fearless etching deeper in my brain
I'm not telling you the truth
IT'S NOT A HOAX!
You're hiding information
Could be important for moving on
A conversation 1000 miles away
P-p-please be strong

A thing of human feeling is
A fascination forever
You placed your hand into mine and said
Yeah could you...
Could you fuck me right away?

We got to move on
She's running out of reasons
And time is running out
A broken heart and tears is not the only way
We're gonna drive, drive, drive away
This is just a start
And I'll come back for you

A thing of human feeling is
A fascination forever
You placed your hand into mine and said
Yeah could you...
Could you fuck me right away?

There are no red lights
Drive like a jehu
You'll be there in no time
We made a new promise... Right?
It's time to decide if you're with me or not
Come on, trust me, let's go!

A thing of human feeling is
A fascination forever
You placed your hand into mine and said

Yeah could you...
Could you fuck me right away?
