[Intro - talking]

I already heard your side of the story now hear mine,
Ima tell you why, cause you changed
When you got doe, nananana uh uh no you listen

[Verse 1]

I remember like yesterday, the very day I met you,
You were lookin fly, I was actin shy, so when you
walked by
I ignored you
Good thing you turned around and asked my name,
In an instant my attitude changed swept me off my feet
You were so sweet from the comedy, you amused me
Gave you my number next day you called, askin if you
can see me
So I said alright, you can stop on by, it gave me
butterflies,
30 minutes knock, knock its you
I'm glad to see you, but I keep my cool, from day one
I fell in love with you, but now I ask myself who are you
because

[Chorus]

You changed, you changed
You got doe and changed
You got doe and you changed
Baby you changed It wasn't the same
You got doe and you changed
You got doe and you changed what was I to do

[Verse 2]

Never there why should I be there
Theres no one there to hold me
I am young in heart and aged and
these are the day's when a girl like me needs lovin
If he's not then someone else is getting what he calls
his
You wasn't takin care of home left me there alone
So whats a girl to do when she's feelin in the mood
We were together but we grew apart
Thinkin with my mind and not my heart

Packed up all my things, left the engagement ring
Cause from the looks of things I can't do this
Live this life that I call my life
If this is what is like being your wife
I'd rather be your friend then through thick and thin
But now it's the end of my sufferin'

[Chorus]

You changed, you changed
You got doe and changed
You got doe and you changed
Baby You changed it wasn't the same
You got doe and you changed
You got doe and you changed what was I to do

[Bridge]

What was I to do, sit around and wait for you to call
When I wanted be in your arms missin you every
minute
you were gone, you were gone to long doin who knows,
what
Who knows where
you act like you didn't care when I told you I wouldn't be
here
Cause you changed

[Chorus]

You changed, you changed
You got doe and changed
You got doe and you changed
Baby You changed it wasn't the same
You got doe and you changed
You got doe and you changed what was I to do

[Hook]

No it ain't about the cars with rims and the rings
no it ain't about the lies and houses and things
Perpetratin with the clothes broken promises please
No ain't about the life that you given to me
No it ain't about it, No it ain't about it

Oh no what was I to do about it

[Hook]

No it ain't about the car with rims and the rings
no it ain't about the lies and houses and things
Perpetratin with the clothes broken promises please
No ain't about the life that you given to me
No it ain't about it, No it ain't about it
