### "Burn To Shine"

Visit "[Burn To Shine](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Fall in  
Step in line start crawling  
Start building a part of you  
One that  
does not take away from the way that I taught you to

It's the way that I taught you

(Chorus)  
As seasons change  
Keep in mind  
The steps you take  
To burn to shine

Stand up  
Brace yourself stop hiding  
It's right there in front of you  
There's no way to change  
this life it's the way it's been taught to you

It's the way that I taught you

(Chorus)  
As seasons change  
Keep in mind  
The steps you take  
To burn to shine

(Chorus)  
As seasons change  
Keep in mind  
The steps you take  
To burn to shine

I'm not falling in  
Got to figure out  
where it's going  
I won't take it in  
Got to take it out  
What I'm showing  
It's saving me from everything

I thought I could become  
I'm just filling in  
Now I'm falling out  
Of this moment

(Chorus)  
As seasons change  
Keep in mind  
The steps you take  
To burn to shine

(Chorus)  
As seasons change  
Keep in mind  
The steps you take  
To burn to shine

Fall in  
Step in line start crawling  
Start building a part of you
