To feel what you see
An ocean with no tide
Floating on
The ebb and flow of your life
Heart to heat
I can hear you
You bring others down with you

(Chorus)
Do you really even care?
It's going to kill you
If you keep living life this way, you'll die (It's going to
kill you)
For what?
For less than what it's worth

Now the motion of your hand
Is seen only through the glass
As you take the time
To stare in the pain
Now the flat will resemble your life
You lost it all, up till now

(Chorus)
Do you really even care?
It's going to kill you
If you keep living life this way, you'll die (It's going to
kill you)
For what?
For less than what it's worth

(It's going to kill you)

(Heart to heat
I can hear you)

(Chorus)
Do you really even care?
It's going to kill you
If you keep living life this way, you'll die (It's going to
kill you)

For what?
For less than what it's worth
(Repeat)

Well I care
(Repeat 15X)
