Stand in your places
My breathing races
Smile in my face as
You try to hold me down
Faded, so complicated
I feel so jaded
You try to hold me down

Hoping, with my feet on the ground
Just to know
What it's all about
Spit on my baby
Just to hold me down

Tried of waiting
No hesitating
Memory fading
You try to hold me down
Will you
Paint me a sky blue
Memory of you
You try to hold me down

Hoping, with my feet on the ground
Just to know
What it's all about
Spit on me baby
Just to hold me down

Stand in your places
My breathing races
Smile on my face as
You try to hold me down
Faded, so complicated
I feel do jaded
You try to hold me down

You try to hold me down

Hoping, with my feet on the ground
Just to know

What it's all about
Spit on me baby
Just to hold me down

Hoping, with my feet on the ground
Just to know
What its all about
Spit on me baby
Just to hold me down

You try to hold me down

You try to hold me down
