If you're so clever
Tell me it's over
Write me a letter
Tell me you're sorry it's all of your fault
We're close to closure

Hush, I'll save you your breath
Baited without regret
You created this mess
It was your lack of respect for me

Dance with the drama that you love the most
Silence your search for words

(Chorus)

If you're so clever
Tell me it's over
Write me a letter
Tell me you're sorry it's all of your fault
We're close to closure
Took me forever
Eye's rarely sober
I'm someone better
Found in this wreckage that pulled us apart
Close to closure

Trust, and maybe we'll bet
With heavy hearts how to get
Away from this mess
And bring ourselves back to integrity

Dance with the drama that you love the most
Stand in the corner with passion alone
Silence your search for words

(Chorus)

If you're so clever
Tell me it's over
Write me a letter
Tell me you're sorry it's all of your fault
Close to closure

Took me forever
Eye's rarely sober
I'm someone better
Found in this wreckage that pulled us apart
High school's over

(Chorus)

If you're so clever
Tell me it's over
Write me a letter
Tell me you're sorry it's all of your fault
Close to closure
Took me forever
Eye's rarely sober
I'm someone better
Found in this wreckage that pulled us apart
High school's over

(Chorus)

If you're so clever
Tell me it's over
Write me a letter
Tell me you're sorry it's all of your fault
Close to closure
Took me forever
Eye's rarely sober
I'm someone better
Found in this wreckage that pulled us apart
