Intro]

5...4...3...2...1...0 [explosion]

[Inspectah Deck]

Yea, this is the poisonous, venomous

Killa-Bee, queen bee connection

Live and direct

Shaolin, BK, QB, Boogie Down, wherever you found

Yo, yo, deadly venom is how we end 'em

Mast avenge 'em, no friend of him, bend 'em in half for
enterin

My comrodery move like tight security

Known to tear the club up plus the after party

On the battle field catch a body

With no fair warnin, my queen bee connect swarm on
'em

Primate, hold your mic straight before you challenge
'me

Your light weight and only force me to cause casualty

Battery packs catch match mines with the solar
powered, they get over powered

Shower with rhymes just like white lines of powder

Feel the realness from bein solo with this crowd here

[J-Boo]

Yo, yo, yo, this time we takin no shorts for sure

I'm comin through, smash you motherfuckers to the floor

Whoever wanted war, yo, bring it

If you got the sword, I'ma swing it

Slither back to the pit when my phone started ringin

Yo, come here, what's up, niggaz rock to get stuck

Niggaz runnin through the chamber they aint givin a fuck

Cuz I'm deadly, I'ma set the pace like a medly

Relay, who could match the venom on the replay

[Finesse]

Aiyyo, the bitch nice and catch crack like dice

Give 'em a double order of man slaughter on the tape recorder

Fuck the law and order, tape muffled and distorted

All you heard was murderous shots, the rest was pre-recorded

The jury voted, I'm a free venom, hittin niggaz with the momentum

Even villains wanna get up in 'em

The feelin's devious from the previous

With the way we leavin this is sure to make snakes hiss

[Method Man]

It be I, the most high, fly robin fly

Keep a close eye on Johnny 5, I'll be comin live

From New York, it's saturday night

So it's only right, I step to the phony types

See 'em in the party actin hard, but the hardly a threat
to the vet

Once you start me, no stoppin, no pardon me

No coppin a plea, I beat you in the head, third degree

What's the science, the 411, can't do me none

Still ghetto, I rhyme ghetto, my brother's ghetto

Never say die and never settle

For anythin less than what the devil posess

I'm like MOP to the death

Now who is Johnny Blaze, Mr. Meth

Motherfucka

[Chorus: J-Boo, (Cappadonna)]

Hittin fever, come with the raw

Deadly Venom meet the Wu, no more to come, now
what is left to do

(Ghetto collaborations, such a deadly combination

Face to face, Shakin your earth, rockin your nation)

[Champ MC]

Yo, yo, yo, Sons of fishes rollin with a devious Clan

I got a master plan how to blast your man

Gettin lyrical, fightin your feelin deep in your mental

Like a pencil all in your brain, killin your spiritual

The original, fishin y'all, rollin with a bunch of criminals

Street gunner, Venom strike like thunder

This is shit that'll stop your hunger

Ready for war, let me let you get a taste of the raw

Comin through with the Clan so you won't get far
Batters and scars, all respect due to the gods
And my queen killa-bees just collectin that cheese
Overseas, gettin ready for the year 2G, DVs
(Poison Clan rocks the world)

[Cappadonna]

The pillage, yo, I'm a great comodity
For see me, the unchained magnetic
I release mine, fuck y'all, I piece mine together
To the third power, hit y'all like may flowers
Scandal, slash three felonies to be the one six vandal
From Park Hill, Shaolin put the work in
Dusk do us dawn, Lebanon Don
Don't sleep on the adversary
Mental niggaz stalk y'all out on the ferry
You got trapped in between pillage
And the venoms, cherry heads are minimum

[N-Tyce]

Yo, yo, yo, projects of elimination
We jack some like Rhythm Nations
Got your hard speed like we drag racin
We lab replacin, but tried to avoid a confrontation
You kind of mixed up like Tiger Woods with that
combination
I ain't calling no names, here's a hint
Niggaz with no brains, antique things, gold chains

Do the mind to visual, 'bout the coolest Carolina

Individual, everythin digital, like Bobby

I'm lovin all them kung-fu flicks, poison 'em highly

I'm quickly on the run through clicks, but fast in a hurry

When I smash, leave your vision blurry

Tryin to make the bill like Murray

[Chorus]

[Finesse]

Yo, on the french kiss, sour than blood, hotter than piss

You ventriliquist talkin out your ass like this

Cuz I insist that you don't wanna show the tape of the
hits

I told y'all, I crush y'all on the tape like Quake

You tweaky trick, wanna violate, great, Wu and Venom
annihilate

Don't hesitate to push the rhymes like weight

You Shake, Jake thing

[Street Life]

Yo, PLO, when the guns blow, you'se a no show, homo

Holdin like a scarecrow with no dough

Street pro's move through the metro

Rapidly my faculty quick to blow the boost out your
battery

My african queen bees is backin me, shuttin down your
salary

J-Boo twist another Daquiri, fifty steamboat float

Flow on this scenario, hydro thoughts lick off like a
callico

[J-Boo]

Yo, yo, yo, let's get it on, mic's get blown when you step
into my zone

Heads get flown for tryin to clone

I take that, now you got wanna go on

so go on, play your part, hold on, while I flow on

I keep it tight, rip all sides to a square

You ain't seen no thugs like these no where

I swear, you wanna test me, how can it be

Rollin with the Fam, Wu-Tang, DV's

[GZA]

Yo, I dead MC's with this poisonous venom

Return and send 'em, wack niggaz is in 'em

The secretly analyzed, these chicks is live

I see the allies tryin to stalk the bee hive

Forgot the deadly stingin was major bell ringin

Too strong for niggaz with eyes closed and slingin

Made your point, spot your target and zoom in

Before its too late, saw the snake through his hand
shake

Aimin your darts at a click you can't handle

Attack with the paint stones and travel on camel

A warm sigh as you cross the barrier

But my storm side, will destroy ya area

[Chorus (2x)]

(Poison Clan rocks the world
