Intro/Chorus:]

We can all get by if we want now

Get a phat piece of the pie if we want

Motherfuckers gettin' mad high when they want now

I will survive, recognize it be Tical

[Verse One:]

Word up, our niggas is strapped, ready for war on the
ill block

Things just ain't peace no more, fuck it

If you ain't with me then forget me

Niggas try to stick me, retaliation, no hesitation, shifty

Creepin' niggas in the dark, triggas with no heart

Rippin' ass apart, I'll be swimmin' with the sharks now

Stay out my water or it's manslaughter

Kid, you oughta start reachin' for that nickle-plated
auto-

Matic, my thoughts get sporadic, loaded raps

Bustin' mad shots to ya attic

They say this hazard, this flows a hazard

Straight from Hazard County with a bounty on his head,
and it said

"Wanted Dead or Alive," I swear by the whites of they
eyes

To never take a dive I will survive

[Chorus]

[Verse Two:]

Shit's gonna happen if niggas start actin'

Like they want problems, you want 'em, you got 'em

Rap contact, is writin' this exactly, the way it should be

Attacked, Killer Beeeess on a swarm

So what my martial law drops bombs like Qur'an

The ism helps to stimulate my pugilism

I bust rhymes like jizm, impregnate the rhythm with the wisdom

Decipher the flow, I be hyper, I bring all the styles

That rekindle like old flames

Saliva, check the wicked flows I deliva

Oops, I mean deliver like the Hudson River

Styles be tight, trite like a thief in the night

I be the sneaky-ass nigga bustin' nuts in yo wife

Blasted, buggin' off Bacardi and acid

Flippin' on the mic, it's a classic
