It's so long since you've been gone  
Back to the place where you started from  
And it is so wrong and now you're spun  
There is nothing that you haven't done

And I say you're so blind  
And you will never see  
And you will fall beneath the cracks

You're wasted again  
So how does it feel  
And it never ends  
Do you wanna heal?

And you wonder why  
I see you my friend  
Now this is goodbye  
'Cos you're wasted again

It's too bad, I did not know  
It's everything that you had to go  
And it is so sad you've lost the flow  
It's such a crime that you feel so low

And you say you don't mind  
And you will never see  
And you will fall fall fall beneath the cracks

You're wasted again  
So how does it feel  
And it never ends  
Do you wanna heal?

And you wonder why  
I see you my friend  
Now this is goodbye  
'Cos you're wasted again

You're wasted again  
So how does it feel  
And it never ends  
Do you wanna heal?

And you wonder why  
I see you my friend  
Now this is goodbye  
'Cos you?re wasted again

Wasted again  
Wasted again  
Wasted again
