I know you're leaving, but you wanted to stay  
Hallucinogenic, you feel alright  
You keep on breaking, let it all go away  
So esoteric, you get stage fright

You know you're lookin' like a Picasso  
You are so manic, you go all night  
There's something cooking when you say hello  
You're schizophrenic in the strobe light

I wanted to know, do you speak your mind?  
But you don't hear everything I say  
It's such a shame, you won't let me in  
And it's not right, such is life

You know you want it and you think it's a must  
So energetic in the insight  
You won't admit it but you're ready to bust  
You're so electric and you're skin-tight

You're so misguided, can't you see that you're tired?  
You never panic in a dog fight  
So damn excited, you're a little too wired  
You're schizophrenic in the strobe light

Such is life

I wanted to know, do you speak your mind?  
But you don't hear everything I say  
It's such a shame, you won't let me in  
And it's not right, such is life

I wanted to know, do you speak your mind?  
But you don't hear everything I say  
It's such a shame, you won't let me in  
And it's not right, such is life

Such is life

It's what you're living for  
It's what you're living for  
It's what you're living for

It's what you're living for
