You heard what I said (yes sir yes sir!)
You heard what I said (yes sir yes sir!)

You heard what I said (yes sir yes sir!)

Verse 1 - (White Dawg)

Run game, slang cane, Broward playas mane
Feel my pain, hit a switch come bouncin' mane
Slow grains, like Dre money fuck fame
Playing with a pistol while she like into my picture frame
Lay em down, don't fuck around come with it
When I hit it, bounce that ass and shake them fucking

Come with it, when I spit it, represent the city
Sold a rhyme for every dime, call me Frank Nitty

Verse 2 - (Dozia Slim)

Open up a can of whoop ass on yo bitch ass
Wanna fuck a thug bitch, give me head and cash
If the river runs dry ho, listen up
Call me back when that trick money stacks up
Got these medals on my chest from this pimp game
Steady bitchin' brains with these Broward playas mane
The pimp laws say you don't wanna cross
And if your contract is canceled bitch, it still ain't no
