I was thinking about parking the other night  
We was out on a back road  
Me and my woman was just gettin' right  
All systems on overload

The radio blasting in the front seat  
Turning out the music fine  
We was snuggled up in the back seat  
Making up for lost time

Steamy windows -- zero visibility  
Steamy windows -- coming from the body heat

You can wine and dine with a woman all night  
With good intent  
But there's soemthing about a confrontation on a back  
road  
Breaks down the defense  
Steamy windows -- ain't nobody can see  
Steamy windows -- coming from the body heat

There's a sound outside the front door  
And I know it's just the wind  
But it makes her snuggle up just a little bit closer  
And it starts things happening again

Steamy windows -- zero visibility  
Steamy windows -- coming from the body heat

Steamy windows -- zero visibility  
Steamy windows -- coming from the body heat

Steamy windows  
Steamy windows
