Here in my house,
time is sweet
I hear the children playing in the street
Out where the hot winds blowing in the breeze

I don't need time, I don't need time
No, I can get by myself
I don't need time, I don't know why
The summer wind did not tell

I scrambled online and I know that I
Will never be calm and well
But I can get by in the meantime
By myself

He's a real winner
Probable to say
Sleeping in, a lazy afternoon
A danger to the doubters, they assume

I don't need time, I don't need time
No, I can get by myself
I don't need time, I don't know why
The summer wind did not tell

I scrambled online and I know that I
Will never be calm and well
But I can get by in the meantime
By myself

Deal me a crippling blow
Steal me from under my clothes
A crippling blow

I don't need time, I don't need time
No, I can get by myself
I don't need time, I don't know why
The summer wind did not tell

I scrambled online and I know that I
Will never be calm and well

But I can get by in the meantime
By myself

Well, I can get by in the meantime by myself
