When I offer you survival,
You say it's hard enough to live,
It's not so bad, it's not so bad
How do you know that you're right?

I awoke on the roadside,
In the land of the free ride,
And I can't pull it any longer,
The sun is beating down my neck

So I ran with the devil
Left a trail of excuses,
Like a stone on the water,
The elements decide my fate,
Watch it go
Bling

When I offer you survival,
You say it's hard enough to live,
Don't tell me that it's over,
Stand up
Poor and tired,
But more than this

How do you know that you're right?
If you're not nervous anymore,
It's not so bad
It's not so bad

I feel my vision slipping in and out of focus,
But I'm pushing on for that horizon,
I'm pushing on,
Now I've got the blowing wind against my face

So you sling rocks at the rip tide,
Am I wrong or am I right?
I hit the bottom with a "huh!"
Quite strange,
I get my glory in the desert rain,
Watch it go
Bling

I offer you survival,
You say it's hard enough to live,
And I'll tell you when it's over,
Shut up poor and tired,
But more than this

How do you know that you're right?
If you're not nervous anymore,
It's not so bad, it's not so bad...

Higher and higher,
We're gonna take it,
Down to the wire,
We're gonna make it,
Out of the fire,
Higher and higher.

Higher and higher,
We're gonna take it,
Down to the wire,
We're gonna make it out,
Whoa Higher and higher...

It ain't hard to hold,
When it shines like gold,
You'll remember me
