Oh no, oh no oo oo
I'm going to be left out
I'm going to break you
And if you only knew just how I took my time
I'm going to take it off, I'm going to make you
I gotta dance, gotta dance, gotta seem all right

Oh Yeah and By The Way I'm going to make you cry
18 with a face like that,
Kick it twice in the eye
And don't you go home to Daddy

oh oh oh oooohhhhhh

I'm going to see it all, I'm going to say to
I want to take it down, and make it go away
And if you see my soul, I'm going make you
I gotta see, I gotta see, gotta be ok

Oh Yeah and By The Way I'm going to make you cry
18 with a face like that,
Kick it twice in the eye
And don't you go home to Daddy

Oh Yeah and By The Way I'm going to make you cry
18 with a face like that,
Kick it twice in the eye
And don't you go home to Daddy

18 with a face like that,
Kick it twice in the eye
And don't you go home to Daddy

Oh no, oh no oo oo
No oo
Oh no, oh no oo oo
