Remember Rio and get down  
Like some other DJ, in some other town  
Who's been trying to tell me to hold tight  
But I've been waiting this whole night  
But I've been down across a road or two  
But now I've found the velvet sun  
That shines on me and you

In the back, uh huh, I can't crack  
We're on top  
It's just a shimmy and a shake, uh huh  
I can't fake, we're on top  
We're on top

The day is breaking, we're still here  
Your body's shaking, and it's clear  
You really need it, so let go  
And let me beat it, but you know  
That I've been down across the road or two  
But now I've found the velvet sun  
That shines on me and you

In the back, uh huh, I can't crack  
We're on top  
It's just a shimmy and a shake, uh huh  
I can't fake, we're on top  
We're on top

We bring the bump to the grind, uh huh  
I don't mind, we're on top  
It's just a shimmy and a shake, uh huh  
I can't fake, we're on top  
We're on top

And we don't mean to satisfy, tonight  
So get your eyes off my bride, tonight  
Cause I don't need to satisfy, tonight

It's like a cigarette in the mouth  
Or a handshake in the doorway  
I look at you and smile because I'm fine

And we don't mean to satisfy, tonight  
So get your eyes off my bride, tonight  
Cause I don't need to satisfy, tonight

It's like a cigarette in the mouth  
Or a handshake in the doorway  
I look at you and smile because I'm fine
