"Shadowplay"

To the center of the city where all roads meet, waiting
for you,
To the depths of the ocean where all hope sank,
searching for you,
I was moving through the silence without motion,
waiting for you,
In a room without a window in the corner I found truth.

In the shadowplay, acting out your own death, knowing
no more,
As the assassins all grouped in four lines, dancing on
the floor,
And with cold steel, odor on their bodies, made a move
to connect,
But I could only stare in disbelief as the crowds all left.

I did everything, everything I wanted to,
I let them use you, for their own ends,
To the center of the city in the night, waiting for you.
To the center of the city in the night, waiting for you.
