A police car was outside your house today,
I havent seen you in a couple of days.
They knocked on your door and then they went away,
Your mother looked scared but she didnt cry.
She didnt cry.

On one hand i've got myself to blame,
But on the other its always the same.
Follow suit shake your head,
Tell me thats its a lie.
I dont want you for dead but i want you to die,
Without a good friend or no sunshine
I know i want to buy hope,
But you don't know why.

where is she?
where is she?
where is my baby girl?
i've seen you
you're crazy!
what have you done with my whole wide world?

on one hand ive got myself to blame
but on the other its always the same thing
follow suit shake your head
tell me that its a lie
i dont want you for dead but i want you to die
without a good friend on a bad day
without a self surrender
now what do you say?

all of these tears that we've cried.
all of these tears that we've cried.

where is she?
where is she?
where is my baby girl?
i've seen you,
you're crazy!
what have you done with my whole wide world?
where is she?

where is she?
where is my baby girl?
i've seen you,
you're crazy!
what have you done with my whole wide world?
what have you done with my whole wide world?
what have you done?
