"Today I Hate Everyone"

There's some days that I want to stay another day.
There's some days that I just want to escape
And every day just gets a little further from where I
want to be
I just want to sit alone and contemplate my faith...

Well today I hate everyone
Today I hate everyone

There's a shadow creeping slowly over everything
And one more shadow won't help anything, so go away
And if I hurt you, well I'm sorry that was not my
intention
I'll be better to all those who come back another day

Well today I hate everyone
Today I hate everyone
Today I hate everyone
Today I hate everyone

There's a shadow creeping slowly over everything
And one more shadow won't help anything, SO GO
AWAY
And if I hurt you, well I'm sorry that was not my
intention
I'll be better to all those who come back another day

Well today I hate everyone
Today I hate everyone
Today I hate everyone
Today I hate everyone
