You want to cuss and fight  
In the basement  
The kid want to cuss and fight  
In the basement  
Warm black rooster, worn, white hand  
The young kids got my name

You like to cuss and fight  
In the basement  
The kid like to cuss and fight  
In the basement  
Got a rattle snake on in the basement  
The young snake's got my name

You wanna swing that hand  
In the basement  
The kid wanna swing that hand  
In the basement  
Drop your medicine, six white sons  
The young snake's got my name

You want to cuss and fight  
In the basement  
The kid want to cuss and fight  
In the basement  
Got a rattle snake on in the basement  
The young snake's got my name

I'm not comin' home again  
I'm not comin' home again  
I'm not comin' home again  
I'm not comin' home again

You wanna fuck and fight  
In the basement  
The kid wanna fuck and fight  
In the basement  
Got a rattle snake on in the basement  
The young snake's got my name

You wanna fuck and fight

In the basement  
The kid like to fuck and fight  
In the basement  
Got a rattle snake, six white sons  
The young kid's got my name

I'm not comin' home again  
I'm not comin' home again  
I'm not comin' home again  
I'm not comin' home  
I'm not comin' home again  
I'm not comin' home again

You like to cuss and fight  
In the basement  
The kid like to cuss and fight  
In the basement  
Got a rattle skate on in the basement  
The young snake's got my name
