I'm bored of cheap and cheerful
I want expensive sadness
Hospital bills, parole
Open doors to madness

I want you to be crazy
'Cause you're boring baby when you're straight
I want you to be crazy
'Cause you're stupid baby when you're sane

I'm sick of social graces
Show your sharp-tipped teeth
Lose your cool in public
Dig illegal meat

'Cause love is just a dialogue
You can't survive on ice-cream
You got the same needs as a dog
It's alright
To be mean
It's alright
To be mean

I want you to be crazy
'Cause you're boring baby when you're straight
I want you to be crazy
'Cause you're stupid baby when you're sane

It's alright
To be mean
It's alright
To be mean (x2)

I want you to be crazy
'Cause you're boring baby when you're straight
I want you to be crazy
'Cause you're stupid baby when you're sane (x2)
