Got six troubles  
On my back  
Like six little milk teeth  
All gone bad

Won't move over  
Won't get gone  
Won't move over m m m m mm

Fried my little brains  
Fried my little brains  
Fried my little brains  
Fried my little brains m m m m mm

Only got ten minutes  
Better get me good  
Pull out my little milk teeth  
Pull good

Won't move over  
Won't get gone  
Won't move over  
Fried my little brains  
Fried my little brains  
Fried my little brains
