Don't you leave me here, don't you leave me here

Get my name stitched on your lips so you won't get
hitched

Get back, get by, get a room, give me 105

Don't lie, don't care don't answer if you call me there

Don't you leave me here, don't you leave me here

Get my name stitched on your lips so you won't get
hitched

Lay down by the road, black rocks and a can of holes

Gone four, gone five sweating, cussing on the mean
side

Don't you leave me here, say don't you leave me here

Get my name stitched on your lips so you won't get

Get my name stitched on your lips so you won't get
hitched

Keep, keep on your mean side

Keep, keep on your mean side

Keep, keep on your mean side

Keep, keep on your mean side

Get my name stitched on your lips so you won't get
hitched

Sit tight, getting by got a room, got my 10-5

Say it son, get gone smiling all like a dead-eyed dog

Don't you leave me here, don't you leave me here

Get my name stitched on your lips so you won't get

Get my name stitched on your lips so you won't get
hitched

Get my name stitched on your lips so you won't get

Get my name stitched on your lips so you won't get
hitched

Keep, keep on your mean side

Keep, keep on your mean side

Keep, keep on your mean side

Keep, keep on your mean side

Keep, keep on your mean side

Keep, keep on your mean side

Keep, keep on your mean side

Keep, keep on your mean side
