With your hook & line

Us to blow away

With your hook & line

Us to blow away

With your hook & line

Us to blow away

With your hook & line

Us to blow away

T-t-try your best in your heavy shape

Keep it quiet, keep it cool

Lipstick letters and souvenirs

Make a mockery of your fears

With your hook & line

Us to blow away

With your hook & line

Us to blow away

With your hook & line

Us to blow away

With your hook & line

Us to blow away

T-t-try your best to make it matter

Tattoo it in the clouds above you
Mail it down with jealous bolts
Till it goes like a feather upon its own
With your hook & line
Us to blow away
With your hook & line
Us to blow away
With your hook & line
Us to blow away
With your hook & line
Us to blow away
Come and shove
In me your real love
Whip a crack
You won't come back
With your hook & line
Us to blow away
With your hook & line
Us to blow away
With your hook & line
Us to blow away
With your hook & line
Us to blow away
With your hook & line
Us to blow away

With your hook & line

Us to blow away

With your hook & line

Us to blow away

With your hook & line

Us to blow away
