A new day dawns the morning light
How beautiful was last night?
Woke up in your arms again
Your face before my eyes

Another plane, another show
It's getting hard to let go
Never was real good at goodbyes

How alone is lonely?
How long does the longing last?
I'm past the point of trying
To understand it all

Will you catch me if I fall
Like a season?
Will you catch me if I call
For no reason at all?

After I'm all out of reasons to run around
Will you catch me coming down, down?

Curtains drawn, ovations ring
The weight of every word you sing
Is spread out like a secret
Of what you feel deep down

Hotel room and city view
To the phone, I reach for you
Party's over, no one's around

How alone is lonely?
How long does the longing last?
I'm past the point of trying
To understand it all

Will you catch me if I fall
Like a season?
Will you catch me if I call
For no reason at all?

And after I'm all out of reasons to run around

Will you catch me coming down?

I'll save your message
If you call me right back
When I tell you, "I miss you"
Just say you might miss me too, oh

I'm falling for you, baby
I'm falling for you, baby
I'm falling for you, baby

Will you catch me if I fall
Like a season?
Will you catch me if I call
For no reason at all?

And after I'm all out of reasons

You gonna catch me if I fall?
You gonna catch me if I call?
After I'm all out of reasons

Will you catch me if I fall
Like a season?
Will you catch me if I call
With no reason at all?

And after I'm all out of reasons to run around
Will you catch me coming down?
