Baby leave the dishes till tomorrow  
while accepting my apologies  
see I've been busy chasing my tail around  
and you've been busy chasing me  
I got a costume, I will wear it for you  
and I learned a dance routine, from a dirty magazine  
come and dance with me baby

Sweet City Girl  
you could be the Empress of Harlem  
and I'll be your Subway Boy  
Oh City Girl  
you could be the Empress of Harlem  
and I'll be your Subway Boy

Baby leave your troubles for the morning  
Drink away your worries, I know a thousand stories  
se we could fall asleep again considering the love  
we're in  
and the love we'll make as soon as I'm awake  
there is a tight rope, I will walk it for you  
I swing a mean trapeze, bring this crowd to it's knees  
let me show you...

Sweet City Girl  
you could be the Empress of Harlem  
and I'll be your Subway Boy  
Oh City Girl  
you could be the Empress of Harlem  
and I'll be your Subway Boy

Swing-set lover you're a playground  
come and jump on my trampoline...
