Cell phones and sunglasses, sports cars that shine  
Hot shots with headshots all standin' in line right  
Behind the velvet rope to whatever's goin' on  
There's a big man with a list in his hand  
That you were never on  
See it's the role that we're all born to play  
It's the vicious things we're bound to say  
It ain't right but it's the only way  
It's the hollywood chain gang

We got Starbucks or Coffee Bean,  
Billboards that dare,  
Homeless folks laughin' at their own jokes  
And we just stop and stare  
As if none of us were crazy, as if all of us were sure  
If anyone might notice if you weren't in the picture  
It's a gathering of loneliness,  
A bunch of sinners refusing to confess  
It's home sweet home nonetheless,  
It's the hollywood chain gang

See you're steppin' on my heels again  
I'm steppin' on your toes  
You're steppin on my heels again  
I'm steppin on your toes  
You're steppin on my heels again  
I'm steppin on your toes  
You're steppin on my heels again  
I'm steppin on your toes

It's the way they say "That's perfect one more time  
Now give me more"  
It's the way they laugh about you  
As you're walkin' out the door  
It's feigned appreciation, via blatant disregard  
Make sure they catch you trying  
Careful you don't try to hard  
It's the dues we all have to pay  
It's the reason we're all here to stay  
Man, this could be your lucky day,  
It's the hollywood chain gang

See you're steppin' on my heels again  
I'm steppin' on your toes  
You're steppin on my heels again  
I'm steppin on your toes  
You're steppin on my heels again  
I'm steppin on your toes  
You're steppin on my heels again  
I'm steppin on your toes

Someone once told me that  
Life ain't but a dream  
Seems its me who's always dreamin'  
I guess that's just what they mean  
I keep lookin' for a reason, a reason to stick around  
She said there ain't no rhyme or reason  
But don't let that get you down  
It's the role that we're all born to play  
The vicious things we're bound to say  
It ain't right but it's the only way  
It's the dues we all have to pay  
It's the reason we're all here to stay  
Hell, this is gonna be your lucky day  
So keep laying down those rails  
Sledgehammer poundin' on the nails  
Just sing along if all else fails  
It's the Hollywood Chain Gang

See you're steppin' on my heels again  
I'm steppin' on your toes  
You're steppin on my heels again  
I'm steppin' on your toes  
You're steppin on my heels again  
I'm steppin' on your toes  
You're steppin on my heels again  
I'm steppin' on your toes  
You're steppin on my heels again  
I'm steppin' on your toes
