Say he's gone away
Nothing left to say
What you gonna do?
Come to me
Come to me
You always run to me

Girl this can't be wrong
Crying much too long
Still I'm here for you
Can't you see?
Can't you see, girl
I could set you free

I could hold you here beside me
I could make you feel at home
If you let me
I can show you
There's no need to be alone

Wipe those tears away
If you want I'll stay
I could be the one
That you need
That you need
I'll be all that you need
All you need

I could hold you here beside me
I could make you feel at home
If you let me
I can show you
There's no need to be alone

'Cause when he leaves you lonely
Your heart runs to me
I could be your one and lonely
I know I could be

'Cause when he leaves you lonely
Your heart runs to me

I could be your one and lonely
I know I could be

I could hold you here beside me
I could make you feel at home
If you let me
I can show you
There's no need to be alone

If you let me
I can show you
There's no need to be alone
