you always look so good  
in the morning when you wake up  
even after it seems  
the pillow stole your make up  
still i can't describe  
how i feel deep down inside  
for you

you always smell so good  
when im kissin on your fingers  
even when you're gone  
the smell of you still lingers  
i'd be ok  
if i could just say  
what i'm thinkin  
to you

tell me should i shout it  
let it out and tell ya  
bout the fire burning in my heart  
if i scream it  
would it mean much more  
shoulda said it right from the start  
if i tell you, how well you gonna do  
if i come right out and say  
you're the sweetest little thing  
that i want in my life today

you always dress so nice  
a summer dress for every season  
a touch of lipstick now  
for no apparent reason  
be just fine  
if i could find some time  
to ease my mind with you  
now you know i've never been one for words  
so now i don't know what i'm gonna do  
i keep on thinking how im gonna  
get my stinking point across to you  
tell me when should i begin  
to speak from within

about you

tell me should i shout it  
let it out and tell ya  
bout the fire burning in my heart  
if i scream it would it mean much more  
shoulda said it right from the start  
if i tell you, what the hell you gonna do  
when i come right out and say  
you're the finest little thing  
that i want in my life  
i know it'd be right  
if i had you tonight  
girl it's so true  
i want only you  
said i want only you  
in my life today

baby darlin it's true  
i want only you
